# PROBLEM

Cost & Maintenance of  
Battery/Inverter.

Environment pollution.

SOLUTION

STORING ENERGY IN BRICKS

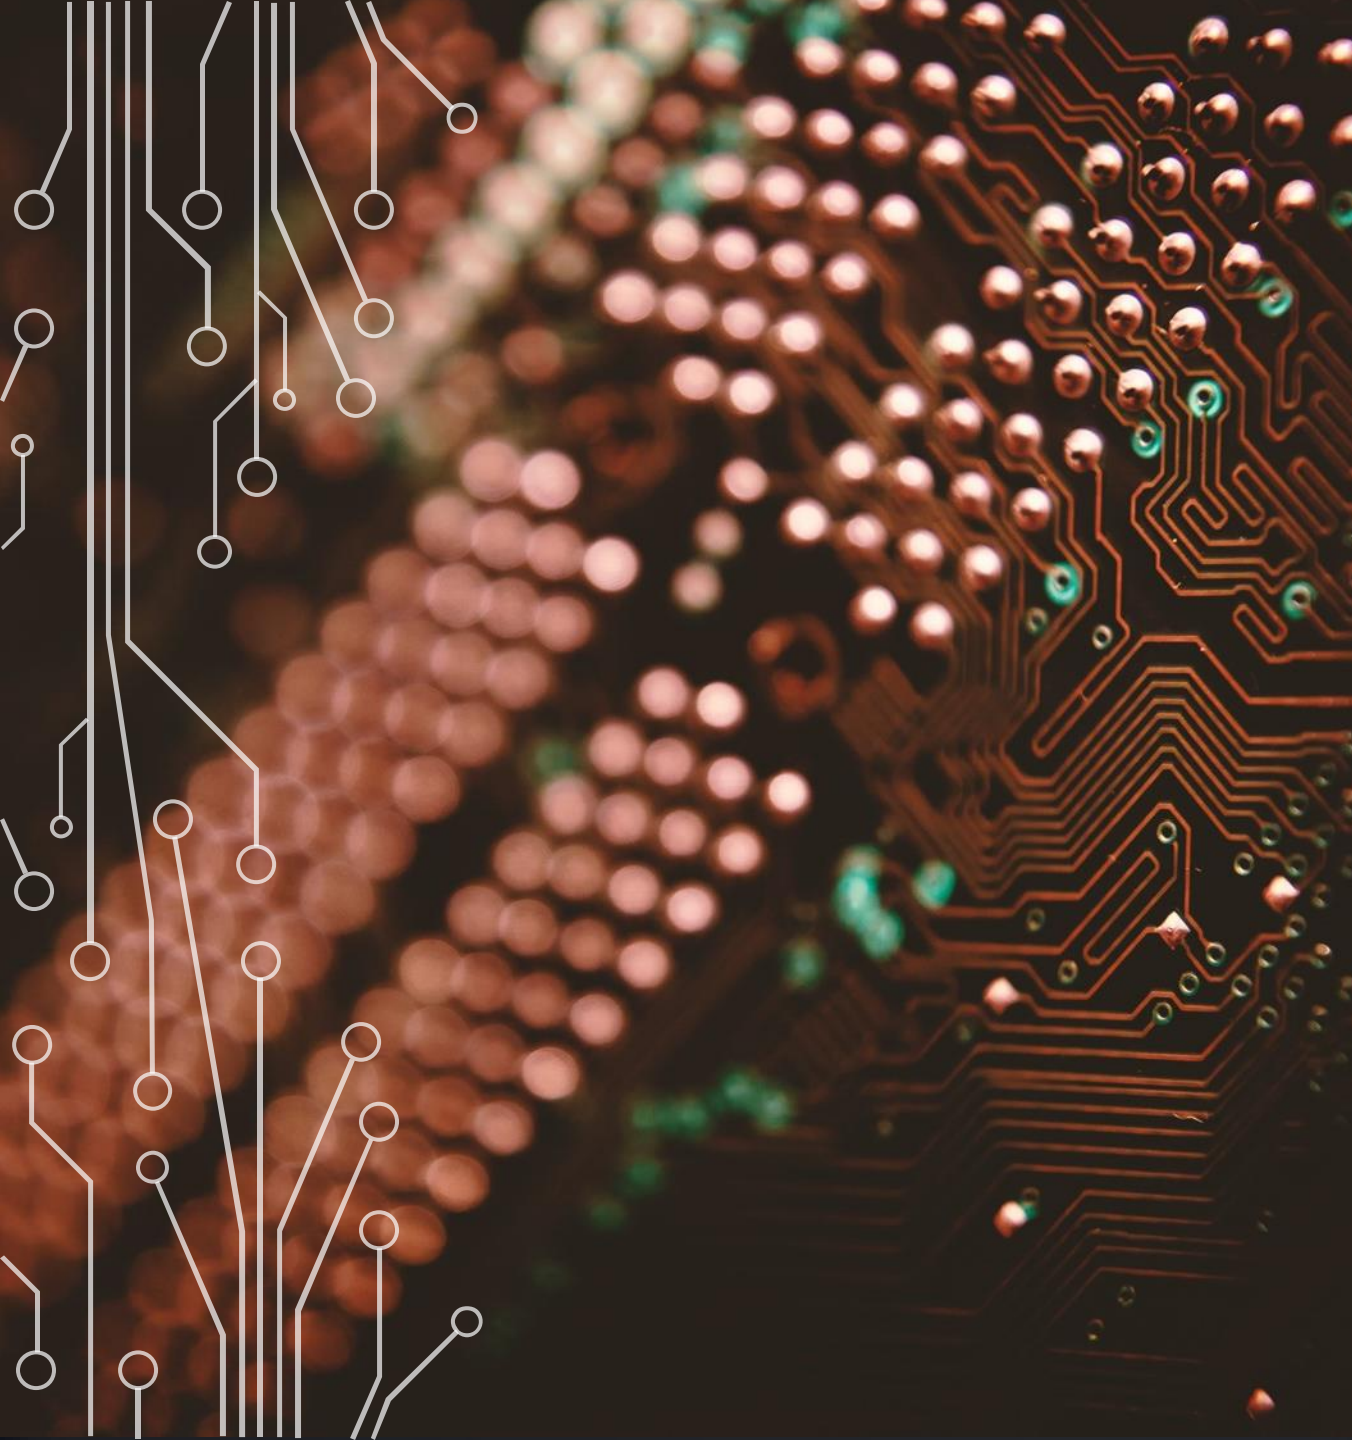

# ADVANTAGES

- Cost effective.
- More durability.
- No specific space needed.

# DISADVANTAGES

- Maintenance
- Working with Chemicals

# PROCESS

Normal  
brick

Chemicals

Modified  
Brick

# SCOPE

We are able deal up to 10 contracts in a month

# SCALABILITY

We will increase our sales up to 30 Contracts per month.

# TEAM REQUIRED

Working area

Production Team

Maintenance Team

Marketing Team

# CHALLENGES

Inverters

Batteries

SUPPORT REQUIRED

A Specialist in chemistry department

## RISK FACTOR

Proper Arrangement of bricks in Construction

&

Handling of Chemicals

A red pushpin is pinned to the top edge of the yellow sticky note.

THANK  
You! 😊
